

RIMS Engineering is the sole Tasmanian supplier and service agent for Sullair brand compressors

RIMS Engineering are the sole Tasmanian distributors, installation and service agents for Sullair Australia who manufacture the renowned Sullair and Champion branded air compressors. Our partnership with Sullair complements our other pneumatic products making us the one stop solution for all your compressed air needs from production to end use.

Through our partnership with Sullair Australia we offer:

- Portable air compressors
- Reciprocating piston compressors
- Rotary screw compressors
- Oil free compressors
- Industrial compressors

Our comprehensive range means we can offer a solution to suit all sizes and applications.
